A GOURMET EXPERIENCE BEYOND THE ORDINARY

## A GOURMET EXPERIENCE BEYOND THE ORDINARY

The marshmallows from “The Mallows” are your childhood snack reinterpreted in a gourmet version. Our dream has always been to make mallows a unique taste experience, and here we stand out particularly in texture and the many different flavor combinations.

Over the years, we have developed six different varieties of our mallow squares, and several times a year, we release special limited editions.. If you ask us, marshmallows and caramel go hand in hand – this became the starting point for our caramel-filled line, where the varieties are coated with the highest quality Belgian chocolate. For those who appreciate love, we offer our delicate heart-shaped mallows with white chocolate and raspberry. In addition, we have two varieties of our crispy mallows – Crispy Dulce and Crispy Cookie.

Our focus is never to compromise on quality, which is why, we from our factory in Glostrup, carefully select the finest, best, and most natural ingredients from around the world. This is to create the best flavor when you bite through every layer of our mallows. Since 2017, our marshmallows have been continuously perfected into what they are today:

A gourmet experience beyond the ordinary.
